Senior Portrait Packages

Effective 05.25.07

LBP.com features four senior portrait packages, designed to match the needs and budgets of our clients. Any of the packages can be tailored to your individual needs; if you don't see something you want, ask!

All packages include online posting of your proofs, and a proof album to keep. Different package levels also include your prints. If you would like additional prints beyond what the package provides, it's easy to order additional items from your online gallery. The Platinum and Gold Collections also include the services of a personal stylist/makeup artist, but this option can be added to the other collections for \$75.

All of the LBP Collections feature the most important thing: a personal session with Photographer Laura Breece, and unforgettable images of your senior.

ONLINE GALLERY PROOFING

Within 3-4 days of your shoot, you will receive an email, with a link to your exclusive online gallery. This gallery is password-protected, so you have control over who sees your proofs. This gallery is also your online store for additional orders beyond what may be included in your collection. Friends and family can also order their own choices, if they wish, and any orders are shipped directly to them. Visa, Mastercard, and debit cards are accepted on this secure, encrypted site. (Check orders are handled through the office.)

PRINTED PROOFING

Our clients particularly love our custom proof albums, which are designed to show you off in the best light. This album, containing the images specified by your Collection, is yours to keep at no additional charge (Moms love this). You will be surprised how sharp you look in the pages of your exclusive album, and the convenient size is easy to take to school or the office.

RETOUCHING

The Platinum, Gold, and Silver Collections include prints. Once you have made your selections, we provide standard retouching and processing to make you look your best. This includes removing blemishes, moles, small scars, stray hairs, etc. More extensive retouching is available at a nominal hourly lab fee. Specialty retouching would include items such as spot color, image color change (color to black & white or sepia browntone), braces removal, and extensive acne.

DIGITAL NEGATIVES

The Platinum and Gold Collections include a CD of your session. Silver and Bronze Collections can add the CD for an additional \$109.00. All CD's come with a release that authorizes you to print at home or the lab of your choice. This release also authorizes emailing, posting on online forums such as MySpace or FaceBook, and personal websites. Just think how hot your MySpace or FaceBook will look with really good shots, instead of the grainy cellphone snaps that everyone else uses. *As always, LBP encourages safe use of the Internet and intelligent security measures when using your images. Safety first, vanity last...*

Easy Pay™ Policy for all packages:

A \$100 Deposit is required to book your appointment, regardless of the package chosen (this deposit is applied to your package price). At the time of your shoot, there is a payment due of \$300, or the balance of your package, whichever is less. Any additional amount will be due at the time you select your images. In the event you need to reschedule your booked appointment, your deposit will be transferred to the new date, provided you give the office 24 hours notice.
